# State and EU Funds Earmarked for the Implementation of Waste Management Measures

23. 5. 2022

Kamil Fleissner

# Audit Conclusion

## **State and EU Funds Earmarked for the Implementation of Waste Management Measures (2021-2022)**

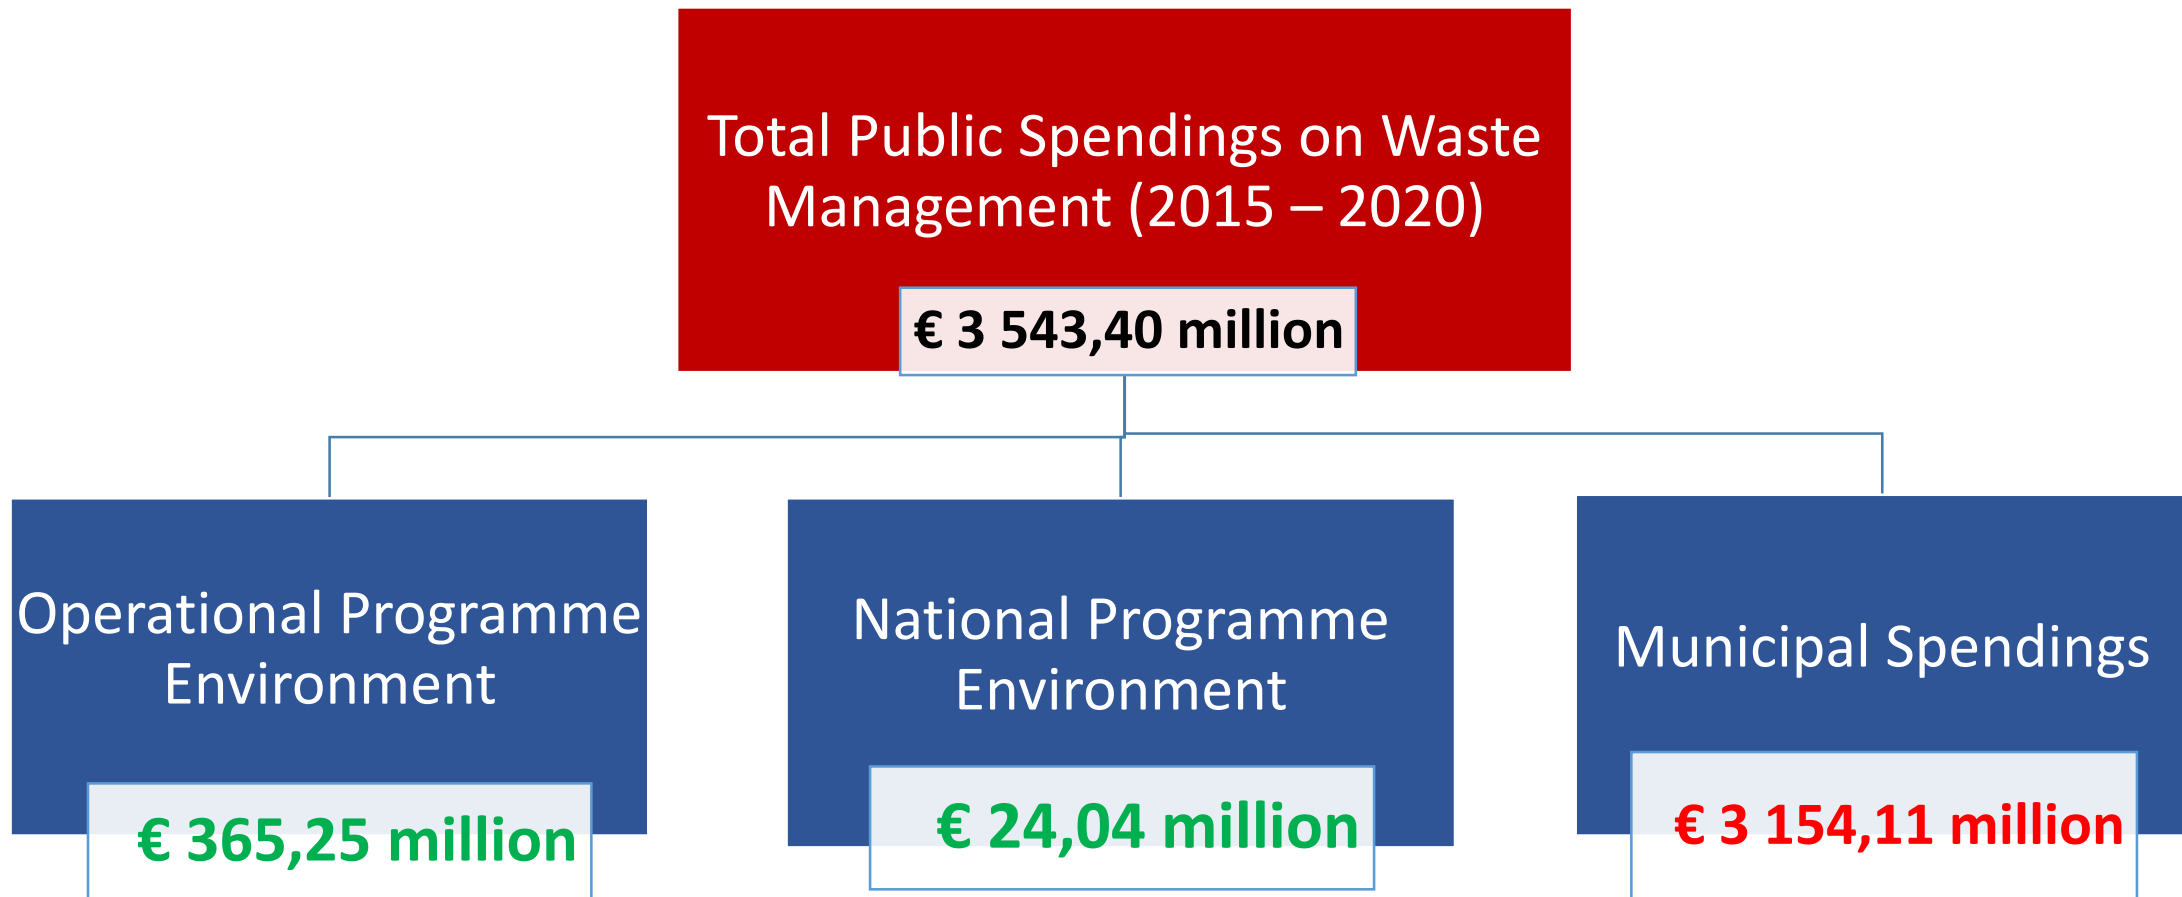

Audited Period: 2018 – 2020

Audited Subjects: Ministry of the Environment,  
State Environmental Fund  
subsidy recipients

Audited Subsidies: € 365,25 million (OPE), € 24,04 million (NPE)

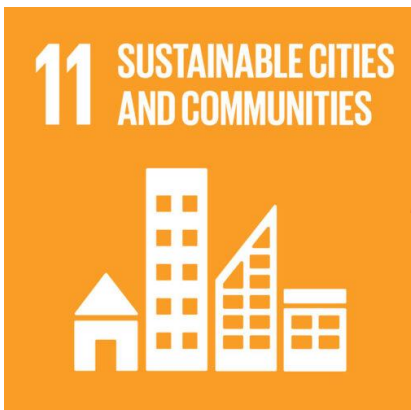

# Public Spendings on Waste Management in Czechia 2015 - 2020

# Waste Management and SDGs in Czechia

- **Implementation of the Agenda for Sustainable Development 2030:**

- *19.7 The amount of municipal waste that is stored is decreasing (SDG 11)*

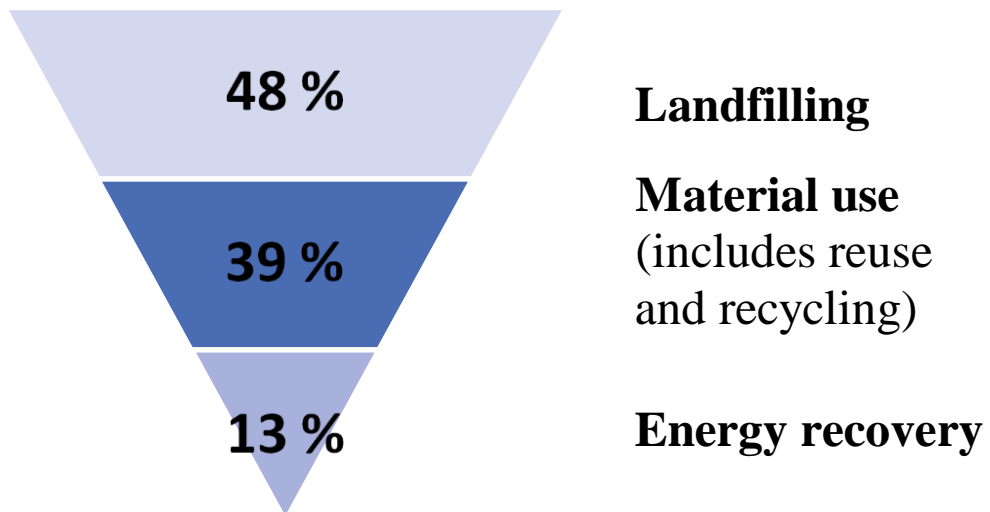

- *9.2 The share of the circular economy is increasing in the total volume of material flows (SDG 12)*

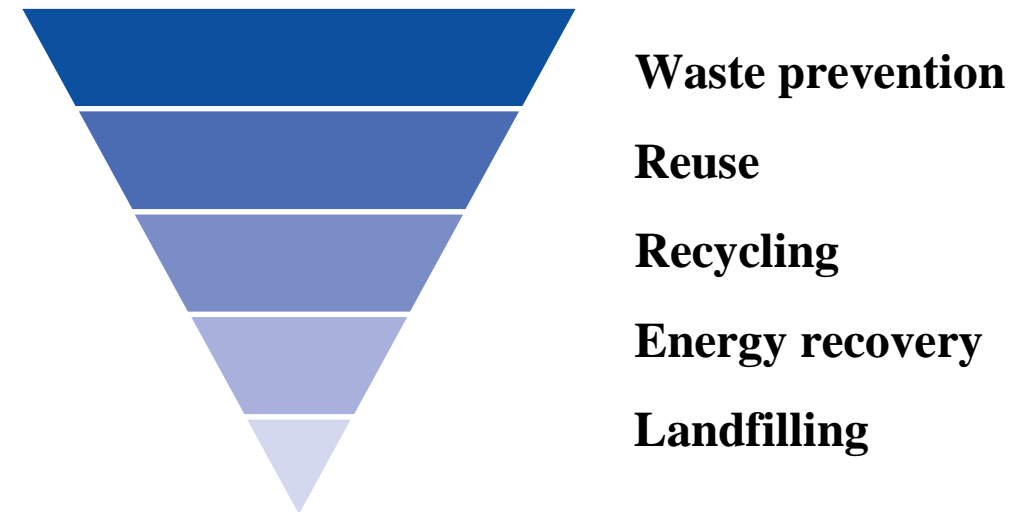

# Landfill-dominated Czechia

## Municipal waste management in the Czech Republic in 2020

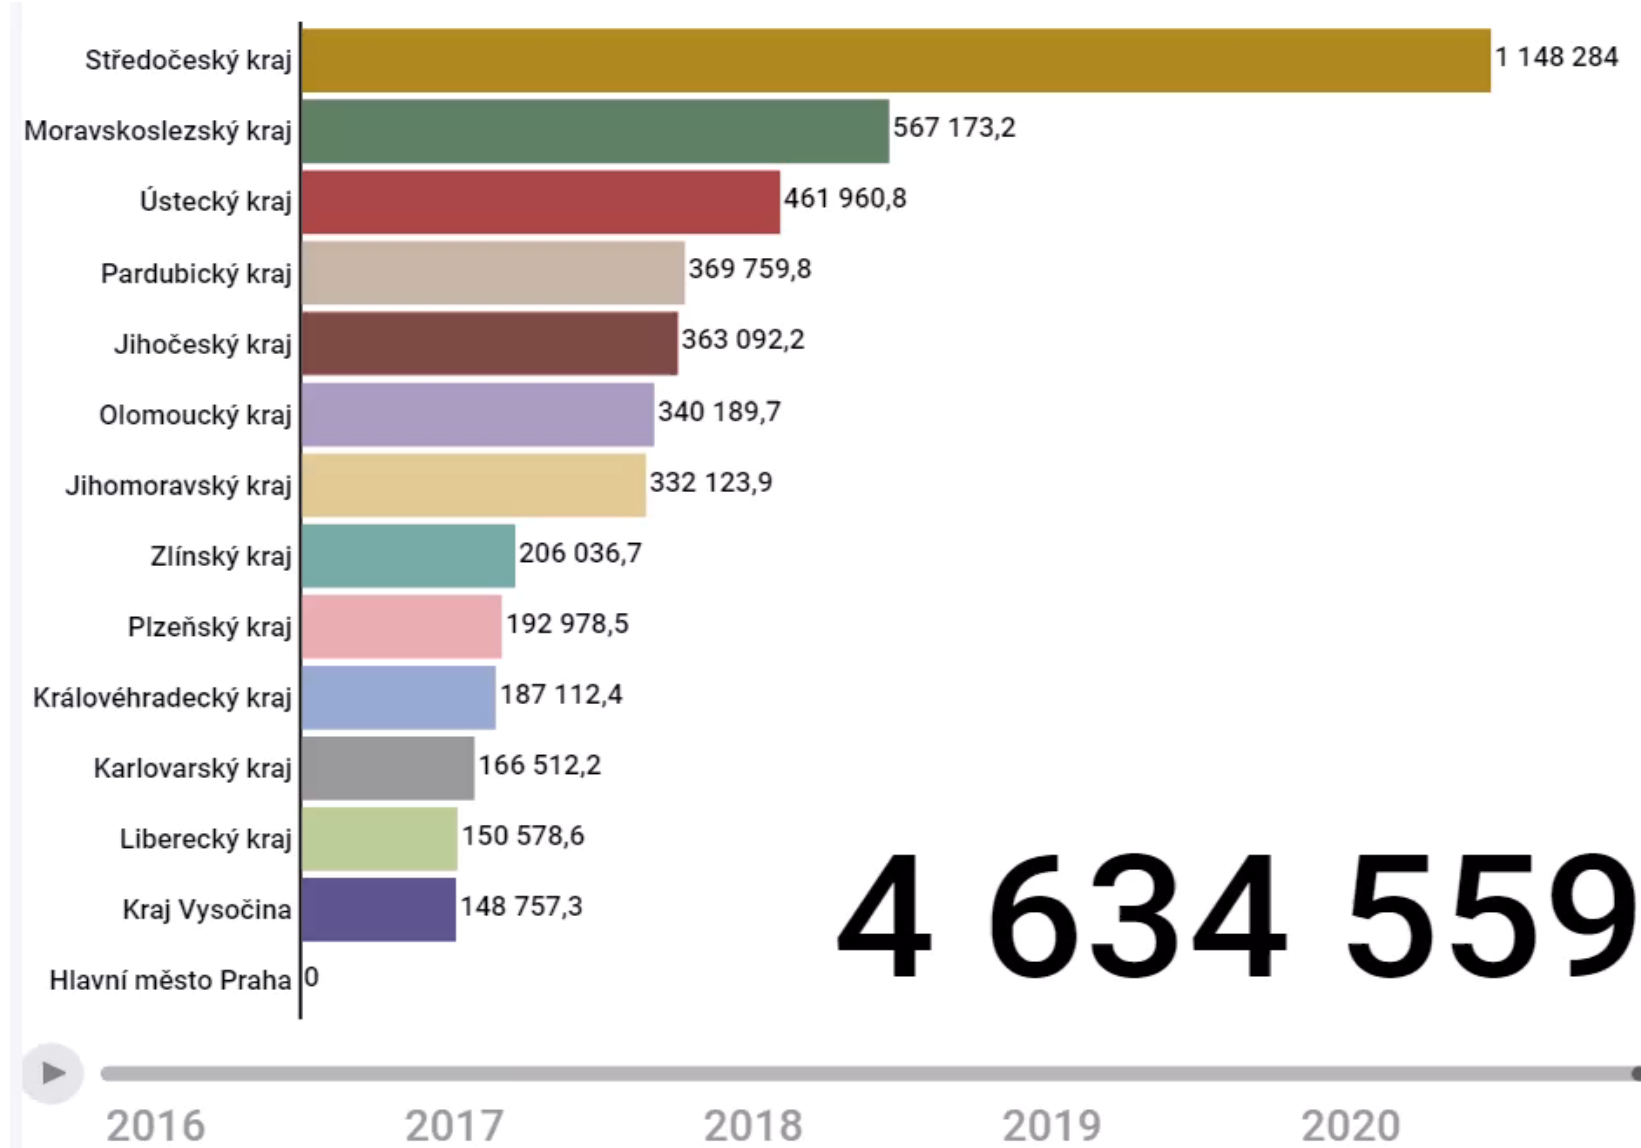

## Waste hierarchy according to the Waste Act

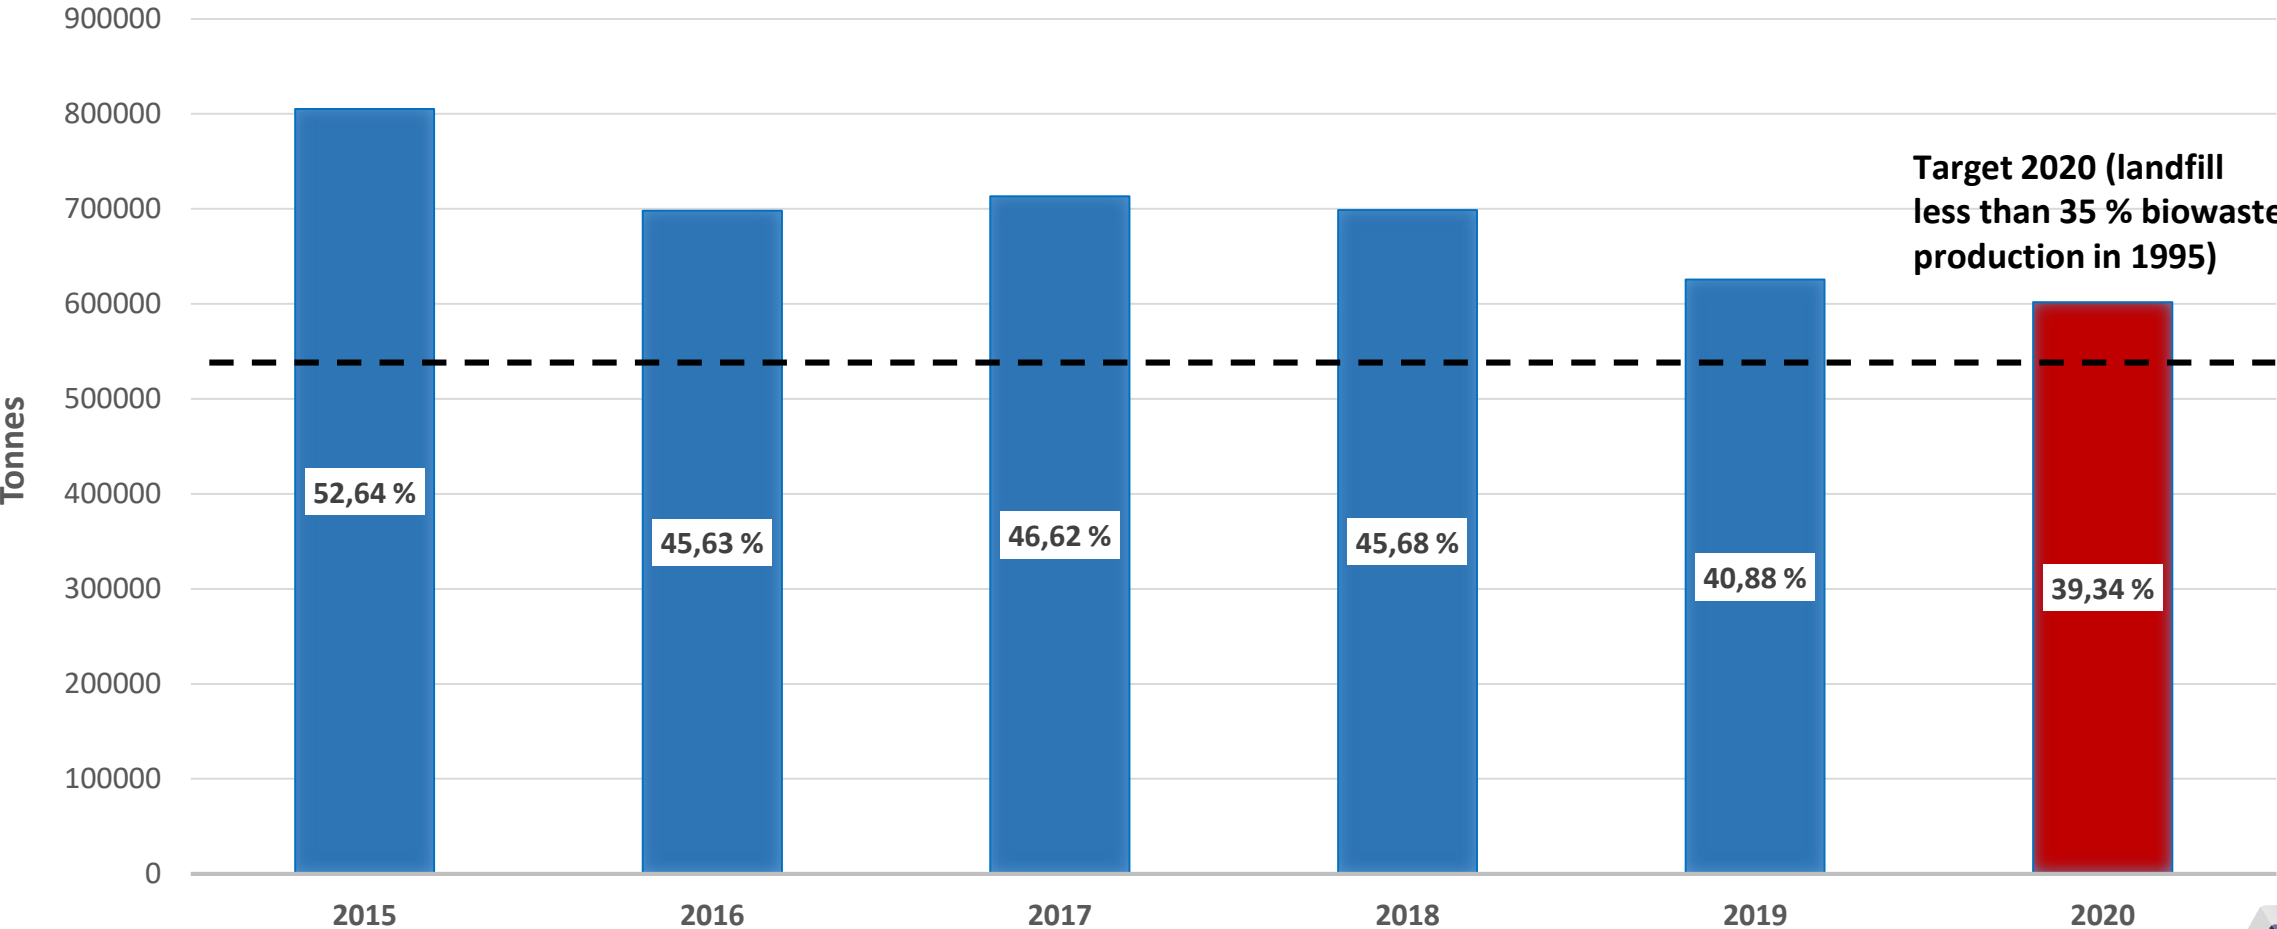

# Landfilling in Czech Regions (landfilled waste in tonnes per year)

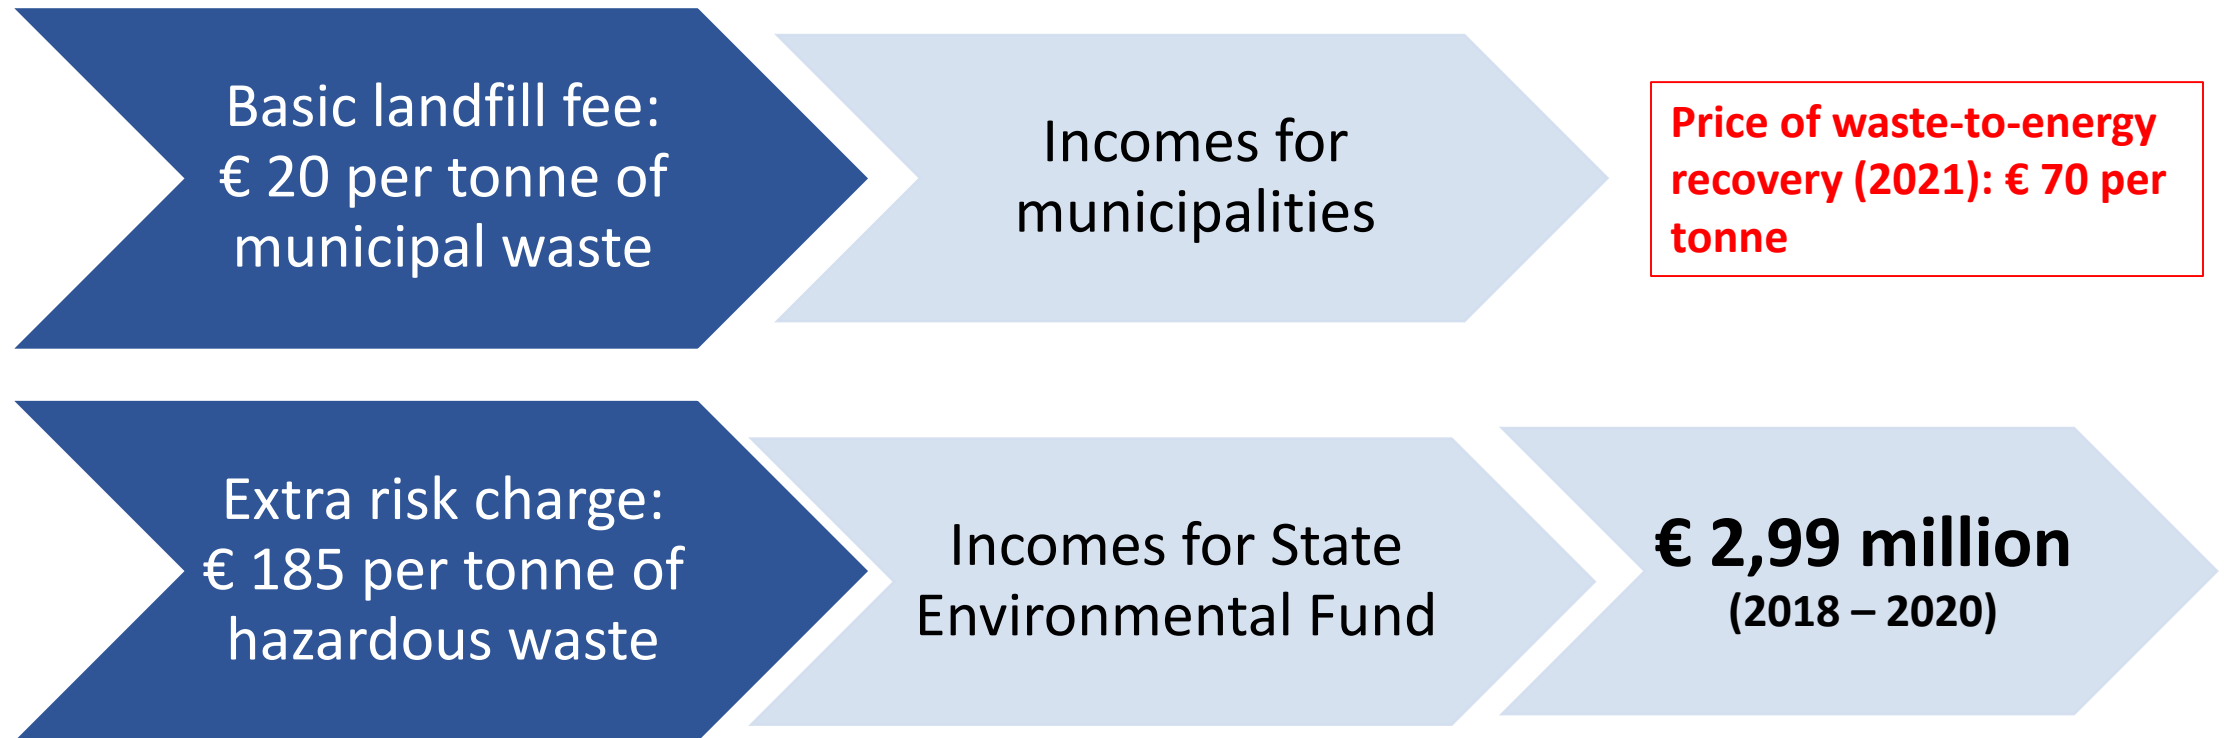

Kryblice landfill (Turnov): 2006 vs. 2021

# Not Achieving the European Target for Reduction of Landfilling of Biodegradable Waste

# Low Landfill Fee and No Charged Hazardous Waste

# Low Rate of Capacity Building for Recycling and Waste-to-energy Facilities

## OPE Funding

€ 365,25 million

### SG 3.1 Waste prevention

€ 66,99 million

### SG 3.2 Material and energy use of waste

€ 286,60 million

### SG 3.3 Landfills recultivation

€ 11,66 million

Indicator 40701:  
**Capacity of newly built or upgraded energy recovery facilities for non-hazardous wastes**

**1,20 %**

**7,47 %**

Indicator 40101/C017:  
**Capacity increase for recycling of waste**

# More shortcomings...

No indicators to monitor the effects of hazardous waste treatment on environment and human health

Delay in Transposing European Directives

Výběr odpadů

Vybrané odpady 200131, 200132
